## Pick a Type of Reaction: Fission or Fusion

Nuclear Reactions  
are causing chaos  
across the country

### WHAT YOU NEED?

In your newsletter you need to include information about:

What fission or fusion is?

How does it work?

The advantages of using this type of nuclear radiation(compare it to the other one).

What are some problems/disadvantages associated with your type of radiation?

You need pictures of the reaction, in use and any other pictures you want to add.

Finally tell where it occurs.

### RUBRIC

In your newsletter answer the following:

- What is your type of radiation? (5 pts)
- How it works? (5pts)
- Benefits? (5 points)
- Problems? (5 points)
- Pictures of the reaction/in use/other(2-3 pictures) (5 points)
- Where it occurs? (5 points)
- Appearance (10 points)
- Total (40 points)

Nuclear Fallout

Atomic Nucleus

This could cost our  
country many lives,  
but save us Billions  
of Dollars
